

# Ruhe findet ihr woanders

You need something like a web press kit, provided by your Label or yourself.

It has to contain:

- Your music: Album, Eps, Singles as .mp3 files mostly packed as .rar and password secured (Password should be changed every once in a while)

- your Biography, your bandmembers, a written Discography and if you have, short reviews from the press

- Pictures of your Band, live and promotional work, also Artwork and your Bandlogo (as .png)

If you have, it would be helpful to get a link to your Website, Youtubechannel, Instagram, Facebook page and everything you have information for the Fans.

We are looking forward to support your music
